DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 51, 59, 62-65 and 73 are rejected under 35 U.S.C. 102(b) as being anticipated by Hayes et al. (U.S. Patent 5,210,787).

For claims 51 and 62-63, Hayes et al. disclose subscriber interrogation point, comprising: a plurality of access devices supporting wireless communications among the plurality of computing devices (col. 3 lines 16-21);

at least one of said plurality of access devices delivers data to the roaming terminal device (col. 3 lines 21-27); and

the at least one of the plurality of access devices selectively stores the delivered data for subsequent delivery of the delivered data to the roaming terminal device (col. 3 lines 21-39 and col. 11 lines 38-44).

For claims 59 and 73, Hayes et al. disclose wherein the at least one of said plurality of access devices selectively deletes stored data (col. 3 lines 40-62).

For claim 64, Hayes et al. disclose wherein delivered data comprises data that is transmitted to and received by the roaming terminal device (col. 3 lines 21-27).

For claim 65, Hayes et al. disclose subscriber interrogation point, comprising:

Application/Control Number: 09/129,448

Art Unit: 2665

supporting wireless communications among a plurality of computing devices via a plurality of access devices, at least one of the plurality of computing devices comprising a roaming terminal device, each of the plurality of computing devices comprising a wireless transceiver (col. 3 lines 13-39);

delivering data to the roaming terminal device via at least one of the plurality of access devices (col. 3 lines 21-39 and col. 11 lines 38-44); and

selectively retaining the delivered data for subsequent delivery of the delivered data to the roaming terminal device via the at least one of the plurality of access devices (col. 3 lines 21-39 and col. 11 lines 38-44).

Allowable Subject Matter

3. Claims 52-58, 60-61, 66-72 and 74-75 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response To Arguments

4. Applicant's arguments filed on October 09, 2003 have been fully considered, but are moot in view of the new ground(s) of rejection.

Contact Information

- 5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Toan D Nguyen whose telephone number is 703-305-0140. The examiner can normally be reached on Monday- Friday (7:00AM-4:30PM).
- If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Huy Vu can be reached on 703-308-6602. The fax phone numbers for the
